By-Laws Revision

The Oklahoma Chapter SWCS council is currently reviewing the current by-laws for needed revisions. One area in particular is updating the by-laws to allow the use of electronic media in conducting business. The use of email, teleconferencing, web sites, etc. are very useful to effectively and efficiently conduct business in the busy world of all of our members. The recommended changes will be mailed out soon for voting by members.

The 67th International Annual Conference will be held in Fort Worth, Texas July 22-25, 2012. This will offer a great opportunity for members of the Oklahoma Chapter volunteer to assist with various functions of the conference as well as attending. The Texas Chapter has extended a request to us to assist them in hosting the 2012 conference. The last time Oklahoma hosted the international conference was 1984 in Oklahoma City. It was well attended and a great experience for those of us that worked on the planning, preparation, and hospitality committees.

Editors Note: I am recreating the newsletter and the email list from home (since I am retired from NRCS after 40 years). This newsletter may be more of test using this new format and hopefully search for any missing email contacts, so please feel free to comment or pass along any needed corrections. Thanks, Larry Wright
