The Roman Nose Lodge, located in Roman Nose State Park, will be hosting our 2013 annual meeting. Located just a short drive north of Watonga, the lodge will conveniently host both overnight room accommodations and a conference room for all of the indoor sessions. Roman Nose features both cabins and guest rooms. The 22-room lodge, originally constructed in 1956, has been renovated to incorporate the natural landscape of the area. The reconstruction emphasizes the lodge's original mid-century design, while beautifully updating the look to today's modern standards. A restaurant serving breakfast, lunch and dinner is located within the lodge.

Roman Nose State Park offers many breathtaking views of the canyon, gypsum rock cliffs and is home to three natural springs. Within the park are some of the most beautiful Red Carpet Country sceneries available. Guests of Roman Nose Lodge will enjoy a wealth of recreational activities at the park's 18-hole golf course, swimming pool, equestrian trails, hiking trails and two on-site lakes (Lake Boecher and Lake Watonga). Fishing, miniature golf, a general store and horse riding stables are all available. Rentals include canoes, kayaks, paddleboats and mountain bikes. Guided trail rides, pony rides or hayrides are available by reservation.

Meeting Theme

***Back to Basics – Water Conservation***

---

With the broad attention that water has drawn over the past few years, there is a renewed interest in water quality and quantity issues in the state of Oklahoma. Issues such as the OWRB and Tribal conflicts, ongoing drought conditions and public water supply limitations have brought back to the forefront a public discussion on water. As we are conservationists this is not a new topic to our professional lives, but a topic that definitely deserves a revived focus.
